

GbxServerResponse

```
classDiagram
    GbxCallback --|> GbxServerResponse
    GbxResponse --|> GbxServerResponse
```

The diagram illustrates a class hierarchy. At the top is the 'GbxServerResponse' class. Below it are two other classes, 'GbxCallback' and 'GbxResponse'. A horizontal line connects the two bottom classes, with a vertical arrow pointing upwards from the center of this line to the 'GbxServerResponse' class, indicating that both 'GbxCallback' and 'GbxResponse' inherit from 'GbxServerResponse'.
