

GbxServerResponse

```
classDiagram
    GbxCallback --|> GbxServerResponse
    GbxResponse --|> GbxServerResponse
```

A UML class diagram illustrating inheritance. At the top is a box labeled 'GbxServerResponse'. Below it are two boxes: 'GbxCallback' on the left and 'GbxResponse' on the right. A horizontal line connects the two bottom boxes, with a vertical line extending upwards from its center to the bottom of the 'GbxServerResponse' box, ending in an arrowhead. This indicates that both 'GbxCallback' and 'GbxResponse' inherit from 'GbxServerResponse'.
